At **Walton (Berkswich) Village Hall**, we take our responsibility towards the safety of members and visitors very seriously. To that end, we use Closed Circuit Television (CCTV) cameras to monitor the members and visitors of our hall in a very specific way.

The law states that we can use a CCTV system to monitor our premises, providing our system complies with the Data Protection Act 1998.

The purpose of this policy is to manage and regulate the use of the CCTV system at the hall and ensure that:

- We comply with the Data Protection Act 1998.
- The images that are captured are useable for the purposes we require them for.
- We reassure those persons whose images are being captured, that the images are being handled in accordance with data protection legislation.

This policy covers the use of CCTV and other systems which capture moving and still images of people who could be identified, as well as information relating to individuals for any of the following purposes:

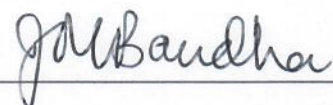

- Observing what an individual is doing.
- Taking action to prevent a crime.
